Dean of Student Services

As part of his report, Dr. Gilbert Contreras informed the Cabinet that he had four points: 1. The ASCC Court was approved. There are plans to keep ASCC alive year round. It shouldn't just be the President, Vice President and Trustee working in the summer. They will look into constitution and bylaws to see about keeping ASCC alive during the summer. 2. Floats cost about \$20,000 each year. Instead we should be reaching out to the top ten local theatre high schools and invite their bands to come play and their ASBs to attend. With the money saved from the float building scholarships can be awarded as well. 3. Know your positions. Any commissioners not sure about their job should ask Daniel Gomez. 4. The leadership retreat in January will take place in San Diego. They have arranged for high officials from the UCSD system to speak.

ASCC Vice President

Vice President Caguioa had three points: 1. Caguioa congratulated everyone in Cabinet who was approved during last week's Senate meeting. There was a presentation on Wednesday by the Integrative Theme task force where the theme is "food". Gustavo Arellano, author of the new book Taco USA: How Mexican Food Conquered America, was present at the meeting. Students also attended the task force meeting and it was stated that Arellano was a good speaker. Caguioa is excited that this stemmed from the theme of food which was voted on last year. 2. There are a couple of events for the task force in need of student representatives. Anyone interested in working with the food bank or the film festival under the Committee may contact Caguioa. 3. Training on your position is available for anyone in ASCC who is interested in knowing the different opportunities of their position. Aiello and Caguioa are available to help.

Aiello – Without any objections President Aiello limited reports to 4 minutes each.

Party Whip Report

Party Whip Athena Sanchez informed Cabinet of the hectic Senate meeting last Wednesday. Senate appointed Cabinet and Court as well as the following Senate positions: Senator Nino as Majority Leader, Senator Blanshard as Minority Leader, Senator Aponte as Sergeant at Arms, Senator Venegas Senator Liaison, and Senator Sanchez as President Pro Tempore. There was a presentation from the Transfer Office asking for \$3500 to be used for University fairs and a transfer conference. Career services announced the upcoming job fair.

The goal is to increase the grades of student athletes.

Flores – Attended a Web senator meeting last week on Tuesday. They are still finalizing the guidelines and rules for social media for Cerritos College.

Ochoa – People not allowed on the stage of the Student Center are hanging out there and making a lot of noise. There is nothing in there that says you can't do that so a recommendation can be made. There are people from Dynamic Dance using the stage as well as students playing video games there. Ochoa also brought up the possibility of having a microwave in the Student Center as many students don't know about the one in the Club Room. Ochoa would be willing to work with the Commissioner of Student Outreach or Commissioner of Public Relations. Aiello stated that the Culinary Arts Café might be open to which AJ clarified yes.

Castillo – Informed Cabinet that applications are out for Zombie Fest. An email will be sent out to the presidents and vice presidents of clubs. Canned food will start being collected on Wednesday but they are working on getting bins. Any questions can be brought up with Daniel, AJ, or Cynthia Chavez. Colin – Met with the executive commissioner of the Foundation office to go over ideas for scholarships for next semester.

Action: Motion to allow report passes.

2:26

Torres reported that of the 35 surveys collected, the majority of feeling is to keep the banquet. Respondents strongly advised to make changes to the banquet but not

to cancel it. Mancilla stated that there are solutions to each problem. She is still very neutral and says that we need to know where it lacks and where it's good for people. If we cancel it we need to do it for a better reason. Point of clarification was made by Party Whip Sanchez asking about the pros and cons and what Cabinet will vote on. Aiello stated that we are strictly doing pros at this time and the decision will be made by joint legislation. Pros – Commissioner D. Garcia brought up the Man/Woman of the Year and how our decision would affect that as well as resolutions awarded to students. Castillo agreed that canceling the banquet would minimize chances of getting an award. Scholarship opportunities may be lost too. Hickman argued that students are happy and satisfied getting two awards a year. Ochoa brought it back to motivation and how students can strive for an award if they didn't receive one in the previous semester. Tenorio argued that the banquet has already been heavily advertised

Discussion time ends.

Motion: Move to extend discussion time by 10 minutes was made by President Aiello without any objections.

Action: Motion to extend time passes.

2:36pm

Cons – Tenorio stated that there is no time to fix the banquet. Arellano argued that if we choose to proceed we will ignore the problem. Sanchez said that it will encourage people to not only work on one semester. Lugo asked for clarification about the money. Aiello informed Cabinet that the fall banquet costs \$13,500. Hickman money better allocated to spring. Tenorio asked whether our decision would fit our core values and vision. Assistant Montoya agrees with the point that it's based on popularity. Castillo reminds Commissioners to take student voices into consideration in surveys as a pro. Ochoa pointed out that it would be more interesting and more rewarding to participate in student activities if it's just the spring banquet. They would offer more effort and service. Caguioa agrees with listening to student voices. Tenorio asked for clarification asking 'If the banquet is cancelled in fall will it be the same for every year?' Aiello clarified that it's just for this year. Torres brings up the point that funds are already in for fall. 'How fast can we make legislation to allocate money to the spring banquet?' As a con Torres added that if cancelled the money can go towards clubs. Hickman added that Cabinet is not positive on if that money will be going to the spring banquet saying 'we are not sure where the money will go from fall.' Dr. Contreras clarified that the money will sit there until student government votes on it.

Motion: Move to move on to voting was made by President Aiello received one objection from Vice President Caguioa.

Action: Motion does not pass.

Caguioa clarified that voting is not stated in the agenda. Daniel stated that Aiello can make an item for the next meeting because there is no decision stated. Aiello clarified that the wording is fine.

B) Monthly Event for October (5 Minutes)

- a. Cabinet shall discuss and pick a monthly event for October

Aiello stated that an event should create stability as a cabinet and be more cohesive and stand unified. Mancilla asked for clarification on the kind of event. Mancilla suggested a bonfire at the beach but participants could clean the beach first. Torres suggested that, in November, participants could volunteer at a homeless shelter. Caguioa suggested encouraging student government to participate in Zombie Fest arguing that it would show that ASCC is unified. Colin suggested a recycling event or a green event like bike riding. Trujillo suggested visiting hospitals with children and give candy. Sanchez mentioned that she once volunteered at the Presbyterian Hospital in Whittier and she can make that happen. Mancilla suggested dressing up in costumes for children in the hospital. Trujillo agreed that that would be a good idea and it can be a Halloween event. Castillo informed Cabinet that with the Child Development Club they attempted to volunteer at a children's hospital but they were not allowed inside with toys. She made it clear that an event like that needs to be planned soon. Mancilla stated that participants should only wear G-rated costumes. Aiello hopes the event will be very emotional and is very passionate about the project. The Cerritos College pep band will be playing as well as a performance by the color guard from the US Marine Corps. Commissioner Hope Garcia, as a veteran who served 12 years in the Navy, will be the MC of the event. 'Cerritos College, as an institution of higher learning, should take a stand on this and let it be known that we value our veterans.' Cabinet members are all expected to be there and every Thursday until Veterans Day at 11am. Do not deter from Zombie Fest because that is important too. Veterans Day will be big.

B) PTK C4 Program (5 Minutes)

- a. *Cabinet shall discuss being part of the C4 initiative.*

2:56pm

Chief Justice Alejandra Lopez, presenting on behalf of Phi Theta Kappa, began by giving statistics on the US's education ranking compared to the rest of the world. "In 1990 the US ranked first in four-year degree obtainment...today we're number 12." Next Lopez described the implications of this trend stating, "If the trend continues our national security and democracy are at risk." Lopez was citing data obtained from the C4 website. Phi Theta Kappa wants to implement the C4 (Community College Completion Corps) into the school in order to raise the completion rate. Alejandra continued, "The first step is to identify the problem." She states that the majority of degrees obtained the fields of science, technology, engineering and math are being awarded to foreign students who then return to their native countries and compete against us. Many jobs are outsourced due to this trend. Lopez then states that the cause is the small number of college students

obtaining a two-year degree citing that within the next five years, 65% of jobs will require a college degree. Justice Lopez states informs the Cabinet that the program is powered by PTK but will be a collaboration of many people and is not restricted to PTK members. "C4 will work as a catalyst for change." Students can sign a pledge to complete their goal and help someone else. PTK officers met with Dr. Lacy and she is very excited and has offered to use school funds for this project. This event is very 'critical' and our global economy depends on these changes being made.

There will be one top club chosen and three single participants chosen to receive awards. Assistant Montoya went over the form. 7. Communications (10 Minutes)

Dean of Student Services

Dr. Gilbert Contreras informed the Cabinet that the Homecoming game and competitions were amazing. Contreras congratulated Cabinet. This was his first Homecoming game and he appreciated the wonderful floats. Contreras also thanked the staff. Coming out was worth it to see the outcome. He then suggested that next year, the game should be an outreach event where we invite high school bands, cheerleaders etc. Contreras believed the attendance was light and it's something to improve on. Contreras' second point is that there is a Diversity and Equity Center in the planning stages. The goal is to convert the game room into a diversity center. There will be more information coming forward to future meetings as well as a lot of discussion about removing the game room.

Assistant Student Activities Coordinator

Daniel Gomez informed Cabinet that Leadership was finalized. Every week he will report on student emails. They are to be used for school and social media. Free emails should be taken advantage of. Students may go to the computer lab to access them. It's a two minute process and there are discounts for Amazon and Spotify. Gomez highly suggests utilizing this resource. Gomez will present, later in the meeting, on the General Assembly.

ASCC President

President Aiello has much gratitude to staff. The Student Activities Center is understaffed as an office. Homecoming went smoothly. Ariel Hughes is new Homecoming Queen. The floats were all beautiful and a lot of passion and time went into them. PTK took award for Best Overall. Every year, floats are destroyed following the Homecoming game but the PTK float will be saved for Veterans Day. Aiello's second point is that a Veterans Day volunteer list has been created. The event is on November 10th. Aiello encourages Cabinet members to announce the event in their classes. Students are not aware of it. He argues that 'we need to grow' by getting the word out. On the subject of hydration stations, the Go Green Task Force meets Wednesdays. Six companies have been designated to task force members. Go Green will go to the Board of Trustees for approval. They are prepared for questions. Today at the Coordinating committee, Public affairs spoke on emails. Organizations and clubs are starting Facebook pages and often times the administrator of particular page will leave to other schools and not delete the page. It's a representation of Cerritos College so Public Affairs is addressing that. They want to have guidelines. Clubs will soon be required to sign a form.

ASCC Vice President

Vice President Caguioa informed Cabinet that Commissioner Castillo and Dr. Contreras attended a Diversity meeting. They discussed the student deficit, looking more at what Cerritos College can do to provide for all students. They plan on devising different activities and working on different areas. Caguioa stated that it was a productive meeting. Finally, Caguioa announced that there is one last spot left in Senate and it's for a freshman with less than 30 units.

Motion: Move to limit Commissioner reports to 3 minutes was made by President Aiello and received no objections.

Action: Motion passes.

Party Whip Report

Party Whip Athena Sanchez informed the Cabinet of last week's Senate meeting in which they approved three senators. Senate was given a presentation on Safe Zone I which they will request \$2500 to train students on Safe Zone.

Commissioner Reports

Hickman – Reported on some Cerritos College game stats: On Saturday, Wrestling took 2nd in the Regional Tournament, Women's Volleyball won 3 games to 0, Women's Soccer beat LA Harbor 1-0, Men's Soccer tied LA Harbor 1-1, Men's Water polo beat Fullerton 8-7, and Women's Water polo lost to American River.

Tenorio – Reported that she attended a Budget and Planning meeting. They discussed the ESP program in which they help students go through college faster. The final draft is coming out next week and that seems to be the big issue this year, according to Tenorio.

Khalid – Reported on the outreach meeting. Not too many people showed up, according to Khalid. Falcon booth had the same problem. Khalid informed Cabinet that she thought about her position. She stated that her job is to connect all our positions to campus. She recounted that she met one student who didn't know of Homecoming game. She wants to make sure she helps Cabinet members with their positions. Khalid passed out a list and asked that Commissioners add their name and number and include their goals.

H. Garcia – Reported on Veterans Day and gave an update on publicity stating that the banners and backdrop are complete this week. She also informed Cabinet that they have a speaker for the Veterans Day event. Next, Garcia announced that on Friday at local school in Pico Rivera, the Artist Society will do free face painting for children and for students the hours are. 4pm to 7pm. Children can come dressed up in costumes. The money will go to schools.

Ugbah – Reported that she is considered the Career Technical Commissioner now. Last Thursday she met with Dr. Contreras asked why the name was changed and he told her that it's so people can be more patronizing. Most people going into that department are not vocational. Her goal is to get the career technical department more involved with ASCC. She will pass out daily sheets and wants to be more promoting of information such as the In-N-Out truck.

Colin – Reported that she met with Janey from Financial Aid. Not many people attend the financial aid workshops. There is much important information given. The maximum number of people at the last workshop was four.

Mancilla – Reported that she has finalized the flyers for Zombie Fest and Veterans Day. The flyers are out and Mancilla also reminds Cabinet to like the Facebook pages for Veterans Day and Zombie Fest. It's crucial to stay updated. Her office hours are Monday and Wednesday from 9am-12pm. She can approve media during those times.

Torres – Reported that the Health and Wellness Center is giving out flu shots to students. Torres stated that his priority is to transfer and reminds students not to 'lag' their application process. The annual Safety Report was released by Campus Police. A female student was robbed of her phone in the C1 parking lot. The male suspect returned the phone when confronted by another student. He is described as a black male, age 20-25 years of age, about 6'1", and 190-200 pounds. A text alert was sent out but the concern Torres had was that the initial alert stated that a student was 'assaulted' when she wasn't. Finally, Torres stated that bike robberies are on the rise.

Colin – Reported that she met with the Financial Aid dept. She also met with Daniel on Thursday and discussed wanting to do a Breast Cancer event. Gomez informed her that it's be too late so instead they could spread awareness and meet with Commissioner Lopez to work together. There will be a booth set up on Tuesday or Wednesday. Colin asked 'what are we doing as a Cabinet? We're not engaging our students with mission and vision.' "As student leaders it's important to provide voices to students." 'Educate yourself on how to advocate for students.' The March in March is where students across the state go marching together on the state capitol. It's important to begin talking about it now and become educated and engage legislators, according to Colin. We are Region 8. There will be advocacy training in January. It

is important for us to be part of that. It can't just fall on northern California. 'We need to voice ourselves.'

Mancilla – Reported that Last Thursday she made Zombie Fest posters and now their available around campus. She is currently working on Facebook publicity. She has also printed out flyers for Veterans Day. She plans to blow them up larger. Since she can't go around every single classroom alone Mancilla advises Cabinet to announce it in their classrooms. She stated that you 'may look nerdy' but people will know who to go to. Some people are interested and others are not. Mancilla announced that she may have found an assistant so she'll probably have help now.

Castillo – Reported that we have 14 people to be zombies for Zombie Fest. As for the canned food drive we have 174 cans in total. Health Services was happy to receive their cans. PTK is in the lead with 96 cans. There are four applicants for the pumpkin carving and costume contests. Castillo stated that with Homecoming, clubs didn't have time to turn in applications. As Zombie Fest committee, they will be out to promote the events as well as Veterans Day. 12 people will pass out flyers. Some people have decided to stay out longer. This will be from 11am to 2pm.

Arellano – Reported that the new DSPS building has accessible bathroom. In the beginning people misused it. Arellano stated that people without disabilities were using the restroom and so they locked it. Now only the janitor has the key. Arellano brought up the issues so they can be resolved. The DSPS Department suggested a lock cover but Arellano argued that it will still have the same issues. He is working with the Dean as well as Judy Holmes. They're working on it and suggested that they use regular lock so students can request the key. Arellano has keys to the faculty bathroom but he has to go further to use the restroom. President Aiello stated that he can make that an agenda item.

A) ASCC Mission/Vision/Core Values (5 Minutes)

- a. A subcommittee shall be created by President Aiello.*

2:37pm

Motion: Move to limit discussion for five minutes was made by President Aiello and received no objections.

Action: Motion passes.

President Aiello returned to the point that Commissioner Colin made earlier about being student leaders. His first response is thank you to Colin. We can't technically advocate the mission and vision because it has not been approved. A subcommittee in senate was created. It will consist of 3 senators and 3 Cabinet members. Arellano and Hickman have already volunteered. Time has not been established yet. Responsibilities will be to solidify mission, vision and core values. There should be no controversy because it's a collected decision. The

budget will be transparent. Khalid, Flores, Tenorio, and Mancilla have volunteered. Assistants may also participate. Lugo, Montoya, Colin, Martin, and Trujillo volunteered as well. Caguioa stated that this Wednesday, senators will be appointed. That's the finalization for Senate. It's also possible to meet up next week. Senate moved that it would just be a decision between Cabinet and Senate. Hickman asked "is it possible to know what activities assistants can participate in?" Aiello responded, 'Assistants can do almost everything commissioners can do except vote.'

Motion: Move to approve subcommittee members was made by President Aiello and received no objections.

Action: Motion passes.

B) Commissioner One on One (5 Minutes)

- a. *Cabinet shall discuss and formulate their Commissioner goals as well as the main goals for Cabinet*

2:44pm

Aiello asked that Commissioners, with their assistants, have a 'one-on-one' with him to establish personal goals. Hickman asked if Commissioners can just come whenever. Aiello informed Cabinet that it would be best to set up a time. Mancilla asked for Aiello's availability to which he responded that he can't commit to office hours so it's best to communicate and meet him halfway. Gomez informed Cabinet that a Doodle may be created to establish our availability.

C) Zombie Fest and Veterans Day (5 Minutes)

- a. *A list of volunteers for Zombie Fest and Veterans Day shall be created.*

2:46pm

Commissioner Castillo informed Cabinet that we have 14 zombies. Aiello reminded Cabinet that since Zombie Fest is Cabinet's monthly event, there will be a volunteer list created. Aiello asked Khalid to make the list and stated that Cabinet members should commit to anything they sign up for and practice integrity. Castillo stated that she is giving orientations to volunteers and zombies. They are in need of security to ensure that rules are followed. Volunteers may also be facilitators. Since some Commissioners may not be familiar with the times, Castillo informed Cabinet that they should arrive at 9am to help set up for the pumpkin carving and costume contest. The entire event ends at 12:30pm. Tenorio asked if the night time event was still happening. Castillo answered "yes". She explained that it was approved and this will be the first night time zombie fest and added that it will be a great way to reach out to night time students. H. Garcia asked if there will be a Veterans Day meeting on October 30th and Aiello answered that there won't be a meeting that day. H. Garcia asked if it's possible to meet at 1pm and Aiello informed her that they can discuss it later. Torres stated that he can outreach to students as a nighttime student. He asked if

there are flyers he can pass out. Many nighttime students have complaints about feeling left out. Mancilla can give flyers to anyone who wants to reach out to students. Flores asked for clarifications on the roles of Zombie Fest. Castillo explained that anyone comfortable speaking can be a facilitator and she will decide who will take charge. Castillo asked Cabinet members to go to Facebook and search for the Zombie Fest page. There is a post with Aiello in it that will soon be a video. The Cinematic Arts Club will film the video on Tuesday or Wednesday after 2pm. It may be filmed on Friday as well. Castillo will expedite the list of Zombie Fest volunteers and work on the duties.

D) General Assembly

2:56pm

- a. *Cabinet will be informed about the General Assembly.*

Daniel Gomez presented on the General Assembly as an organization in which 112 community college tell representatives their concerns. Student representatives tackle concerns and voice them in resolutions similar to senate. In one meeting, Gomez described a total of 82 roll call votes. He is planning to attend the student delegation. It is up to Cabinet and Court. He explains that we have direct representatives at the statewide level. Our Delegate is Joe Nino. They elect senators to represent us at the statewide level. Students can attend to help delegate voice concerns. Four years ago Daniel was not aware of any of this information. Last year 8 students attended the General Assembly which Gomez was satisfied with. Attendees will be traveling with a district employee and Gomez and stay in the Sheraton Hotel. They will help our Delegate. Since Joe Nino can't make the meeting, they will have a proxy sit in for Nino. The Delegate will make votes based on each resolution. 'More people equals more perspective.' Applications are available upon request. President Aiello and Vice President Caguioa will be attending but we need two Commissioners, two Senators, two Court Justices and one student at large. Applications aren't available until next Wednesday. They will fill in spots accordingly. Applications include personal information as well as academic information. Some sample questions are: 'Why do you feel it's important for student leaders to attend the General Assembly?' 'Why do you want to attend the Gen Assembly?' If anyone has questions they may come to Gomez, Aiello, Caguioa, Castillo and Daniel Flores.

Aldemar Sanchez, speaking on behalf of Joe Nino, stated that Nino supports keeping the banquet arguing that it is recognition for hard work. Nino was quoted as saying that the banquet, "Is a great thing." As a senator, student delegate, and as President of Phi Theta Kappa, agrees that if the banquet is cancelled it would take away a memorable experience from students. Senator Guzman argued that the budget states that we should have priority for educational needs and that the banquet is too exclusive to ASCC. He stated that students are not aware of the awards banquet and that 'we should focus more attention on safety and access to textbooks.' Abraham, the Faculty Senate Liaison, argued that the banquet does not benefit students and that the money should go to billboards and hydration stations. Anthony Guerrero supports keeping the banquet, stating that there are students who are doing extracurricular activities. He argued that students do not do it for the sake of an award or trophy. Diana, Senator, is in favor of keeping the banquet stating that it acts as recognition for students' commitment to ASCC and Cerritos College. Daniel Flores, Student Trustee, urged Cabinet to cancel the banquet or at least remove the photography and extra things. Flores would like to focus on bigger things but not take away the awards arguing that we can do better things with \$13,500. Caguioa agrees with having access to WiFi as well as a quiet place to study and recommends that Commissioners do research. Commissioner Assistant, Lugo, exclaimed that whatever the center is, it should be open past 8 P.M. Ugbah stated that the center should only be for students and IDs should probably be checked. Aiello explained that he does not have specifics but that the jackets will be preordered for the pep band efficiently. Castillo asked which events the pep band will attend and also asked if it was a club or class. Aiello explained that there are many benefits that can come from the bike committee. He went on to say that there can be help from David Moore, Dr. Contreras, Ty Bowman, etc. Caguioa explained that Cabinet members can make the decision to ask Senate to form a

bike committee. Hickman stated that the bike issues should be addressed more quickly and agrees that the bike committee is a good approach. Dr. Contreras stated that there have also been efforts from the administration and there should be more communication between students and administrators. Aiello stated that some other efforts include campus police, issuing bike registration, and the Health and Safety Subcommittee are working to solve the issues. He also believes that not enough is being done and therefore he could not provide a lot of information on efforts being done to prevent bike thefts. Aiello stated that all the efforts to prevent bike thefts should be gathered up and sent out to the advisor. Commissioner Assistant Montoya stated that in addition to having bike racks, we should also have a bike cage. Action: Motion passes.

Commissioner H. Garcia stated that the bike issue has been discussed for a few months now and much has been done by a number of groups including handing out bike locks to new students during welcome week. H. Garcia stated that much of the information related to bicycles has been brought out within the last 3 months. She continued stating that the issues have been addressed many times and much progress has been made already. She also stated that there should not only be one committee but several committees working on this issue. H. Garcia stated that Professor Nibueno (Ni Bueno) should become more aware of the efforts that are being done to decrease bike thefts. Aiello exclaimed that all that hard work and involvement is noticed and appreciated but stated that the professor's opinion makes a difference. Aiello then asked if the issue was being solved or if it's just being masked. H. Garcia stated that reduction is a positive. Dr. Contreras then asked that Cabinet work together with Public Relations to create a document that lists all of the efforts being done to improve bike security. Dean of Student Services

Dr. Gilbert Contreras was not present.

Student Activities Coordinator

Daniel Gomez, assistant to AJ, spoke on behalf of Amna Jara. He stressed the importance of attending the Senate meeting on Wednesday if you are a Commissioner who has not been officially inducted. He further stated that the process will be quick, taking 35 to 40 minutes and that this is necessary in order for Cabinet to meet quorum and continue working on action items. Cabinet members who are not sure about their position should contact Daniel, Miles, or Charles. Answering to a point of clarification about the time Senate meets, Daniel responded with 2pm.

ASCC President

President Aiello asked Cabinet to be prepared to answer questions from Senators. He stated that we are representing Cabinet. President Aiello announced that the Homecoming float theme is 'Around the World'. Upon asking us to turn in our float applications he received a point of clarification from Commissioner Castillo informing him that there is no more room on the list. Clubs may add on to the wait list. Veteran's Day will start meeting weekly every Thursday sat 11am in BK 111. The scholarship foundation will donate \$700 to this event. Go Green Task Force met last Wednesday where they laid out the goals for the year including bike stations, expelling out

Styrofoam, hydration stations and expanding the recycling program. Recycling technician applications are being reviewed and screened by AJ and Crystal LoVetere.

ASCC Vice President

Vice President Caguioa informed Cabinet that if you have not been appointed by Senate, it is imperative that you are at the meeting on Wednesday. For more information you may speak to Miles or Charles. Furthermore, there are commissioners who have been trained on the Brown Act and parliamentary procedures. You may go to them with questions as well. Homecoming is coming up and you may get involved or at the very least visit the float building or help the Homecoming Court candidates campaign.

Party Whip Report

Furthermore, Commissioner Garcia informed Cabinet that there are graphic designers on campus looking to design T-shirts, hoodies, and LOGOs. Garcia brought up the possibility of making hoodies for ASCC since we have good funding.

Mancilla – Reported that this past Wednesday she met with Miya Walker, Director of Public Relations, to discuss how to publicize events, reaching out to students, the ASCC Facebook pages, and the electric billboards on Alondra Blvd and in the Student Center. Clubs should ensure that they complete their contracts and that they understand the float regulations which are very important. Castillo also announced that the ICC Facebook page has reached 199 likes. Finally, there is an ICC meeting on Thursday, September 25th at 11am in BK111.*

Lopez – *Constitution Day is this Wednesday. Come out and support. There was a great turnout for the Zombie Fest*

Point of clarification by Commissioner Mancilla, Homecoming Queen, who asked whether she would need to attend the Homecoming Court meeting to which President Aiello responded no.

8. Old Business

A) Fall Awards Banquet (10 Minutes)

- a. *Cabinet shall discuss new solutions to fixing the Fall Awards Banquet.*
- b. **Motion:** Move to limit discussion to 5 minutes was made by President Aiello without any objections.
- c. **Action:** Discussion has been limited to 5 minutes.

2:25pm

Miles began by reminding Cabinet that Dr. Contreras in favor of cancelling the banquet to save \$13,000 to use for the spring banquet. He then reiterated the fact that Cabinet needs to make a decision soon. It's week 6 and there are 9 or 10 weeks left until planning begins. Commissioner Castillo asks whether this will be voted on to which Miles replied saying that Daniel stated we will all agree on one thing. Castillo argues that since she attends many club meetings and students are planning and promoting the banquet, cancelling it dilemma for Castillo. She agrees that it needs reconstruction on the process and committee but believes that it may be too soon. Commissioner Mancilla reminds Cabinet that there were problems and solution given. Ultimately, there may be a compromise. She states that she is neutral but needs a legit reason to cancel the banquet. Assistant Trujillo sat in the budget committee last year and informs Cabinet that the money is first come first go. Any money not used goes to clubs who request it through Senate. PBL was the first to use money in the spring semester. If clubs need to travel then the leftover amount can go to them. Vice President Caguioa agrees that the banquet is prominently promoted but in ASCC we are trying to promote professionalism and integrity. He argues that whatever services are done in the

fall will be relayed in spring and believes that the issue is how we fix the system. Caguioa believes that we have seen issues in the system and how you're awarded; furthermore he stated that ignoring the problem and going forward with the banquet is counter-intuitive. President Aiello reminds Cabinet members that there is not much we can do this week but next week we should vote on it. He went on to say that Cabinet members that we go about it with the mindset that we don't proceed with it if it's done like last year because that would be unethical. Our core values state that we operate on "integrity" and "excellence".

Discussion ends.

Motion: Move to extend the discussion by 5 minutes was made by Commissioner Castillo and seconded by Party Whip Sanchez.

Action: Discussion is extended by 5 minutes.

Commissioner Hickman pointed out that after listening that it's a short amount of time left she believes we must revise the system so everyone is recognized for their service and hard work. One option would be to postpone the fall banquet or join it with spring banquet. Since there is not much time to schedule everything and revise the system it would be proper and fair to prepare for a spring banquet. Sanchez agrees with Hickman, being in Senate she knows there are issues with getting people to commit the whole year. President Aiello asks Cabinet to prepare a pros and cons sheet. Commissioner Torres asks who decides on this issue and Aiello responds that it will be through joint legislation. Mancilla argues that the selection process for awards is popularity contest. One option is to have everyone get the same award. Overall committee members determine who gets what. In the past it's the same people receiving awards. Overall, the solution can be to have specific committee members who are not biased. We can also cut down on giveaways and keep track of waste. Mancilla made her own pros and cons list. Commissioner Hope Garcia asks when the fall banquet is scheduled for and Caguioa informs everyone that it's set for Friday, December 12th. Commissioner Garcia argued that since we don't know what awards we're giving out students can have a fresh start in the spring semester if they aren't involved in the fall.

Discussion ends.

Motion: Move to end discussion was made by President Aiello but received 2 objections.

Motion: Move to extend discussion by 3 minutes was made by Commissioner Castillo and seconded by Commissioner Lopez.

Action: Discussion is extended by 3 minutes.

A point of clarification was made by Tenorio asking about the money stating that some people are still unsure about that. She asks if clubs can request money in advance to which Caguioa replied yes. They can create legislation so that money is reserved. Daniel exclaims that the main issue is how we vote. It is an

amendment in the constitution to change that. We must implement the same voting procedures as in the past. Aiello reminds everyone that we can vote on it next week. Castillo tells Cabinet of her experience from a couple of years ago when she was in Cabinet. There was issue with the fall banquet the year Lance and Aldo were in office. The issue was with choosing members but they did have time to fix it by switching people. Hickman suggests that for the next meeting, we can prepare lists and email to Miles and Charles to create a master list of pros and cons to prioritize the issues and be efficient too. Daniel Gomez brings up the issue of transparency and suggests that we bring those ideas to the next meeting so that they are open to the public. Aiello asks Cabinet members to bring their lists on Monday for the public to hear.
Discussion time ends.

9. New Business

A) New Marketing Plan (5 Minutes)

- a. *Commissioner Mancilla will discuss the new marketing plan that will be executed for every event.*

2:42pm

Commissioner Mancilla's presentation included a guide on choosing from the various forms of publicity for events based on the parameters and number of people you want to reach. Included in the PowerPoint was: What, when and where? Before event there are steps we should be taking to market the event. 1) Brand/LOGO. 2) Wording. Zombie Fest was used as an example. 3) Types of media. Flyers, posters, WPMD, Public Affairs, Talon Marks, classroom presentations, campaigning (word of mouth), electric billboards. Day of the Event – Double D's. Direct: Signs, arrows, balloons, posters. Document: Pictures, videos, Talon Marks, WPMD and Public Relations Director Miya Walker. After the event we report it. IMPACT – We look at how successful the vent was and determine if any improvements can be made. The overall objective is to outreach. Aiello informs Cabinet that next week we can vote on whether we want to take this approach to marketing.

B) Zombie Fest (5 Minutes)

- a. *Commissioner Castillo and Commissioner Lopez shall give an update about*

2:48pm

Commissioner Castillo told Cabinet that she went to the health department. Zombie Fest was originally created to help supply the food bank. The food bank is specifically for homeless students and students going through a hard time in their life. There are counselors available as well. During the whole month of October ASCC will be collecting cans. The first Zombie Fest meeting was a few weeks ago on Thursday. Tomorrow at 11am in club room there is another meeting. Commissioner Lopez stated that they created three groups: Public

Relations, Operations and Logistics. For PR they will work with Mancilla to promote Zombie Fest. Operations consist of taking charge of the event the day of Zombie Fest. Logistics involves coordinating paperwork and ensuring that they stay on track. Castillo went in to say that Oct 30th Thursday is Zombie Fest and the first event, pumpkin carving contest, is at 10am. AJ put an announcement in Falcon Newsletter. They received 6 responses for the pumpkin contest and 8 for the costume contest. They are still in need of professors to judge the contests and asked Cabinet for help in filling those positions. 10:30am-11am is the costume contest. Zombie Fest is 11am. Maria, assistant to Hope Garcia, will do makeup for the zombies. Castillo passed around a map of Zombie Fest. They are going to work on any issues but they are doing well with timing. Castillo is working on getting trophies. Point of clarification by Mancilla asks about how many spots are open for judges for pumpkins and costumes. Castillo replies that they need 2 more for costumes and 5 more for pumpkins. Mancilla asked if it would be fair to have advisors judge. Castillo responded saying that everyone on the judge panels are just staff and they have not had advisors sign up. The judges do get verified according to Castillo. Hope Garcia asks about having canopies since last year it was really hot and they did not have any set up for makeup artists. She also asked if Cabinet can dress up as group during Zombie Fest. President Aiello will add that as an item to the agenda. Commissioner Castillo closes saying any input can go to her.

Discussion time ends.

Action: Discussion has been limited to 3 minutes.

2:56pm

Hickman informed Cabinet of the rough draft of the Athletic station in ASCC which includes the teams for fall, winter and spring. They have schedules, pictures and the website of Athletics. They ordered new color printer paper and double sided tape. A new idea is to present a full calendar of the entire month and which lists all the home games. Each team would be in a different color. Days and times should increase support and give them recognition. The information should increase the people who attend home games and show support for athletes who play for Cerritos College.

Point of personal privilege: Tenorio **2:57pm**

Quorum Reestablished 5/7

D) Review of Constitution Day (5 Minutes)

- a. *Cabinet shall discuss how Constitution Day went and how it can improve*

Motion: Move to limit discussion to 3 minutes was made by President Aiello without any objections.

Action: Discussion has been limited to 3 minutes.

2:58pm

Commissioner Castillo informed everyone that the event was a success. They moved it to the front of the bookstore and that helped attract different types of students. The location allowed them to funnel students to go into ASCC.

Commissioner Lopez agrees that it was success. She saw new faces but admits that they missed a lot of the crowd in Falcon Square. A lot of people just walked by and she wants to think of different locations, maybe a different one every year. Maybe next year they can set up in front of Library or Liberal Arts Building.

Motion: Move to close discussion by President Aiello and seconded by Party Whip Sanchez to close discussion.
