Also mentioned that the minutes are posted now since it wasn't on Friday.

Executive Report - Started off with making sure that everyone is on task with school. Moreover, Go Green met today (can ask Isaac more questions about it). They, ask a task force divided themselves up to targeting different hydration companies. The Wednesday after next is when they'll be meeting and will decipher the companies that each of them have brought forward, and from that they will move forward to which companies they'd like to proceed with. The hydration project will be their first goal as a Go Green Task Force. There's a Veterans meeting tomorrow (October 9) at 11:00 A.M. in BK 111/112. This will be a huge event for ASCC because it puts a stamp on us as a college of being there for the people who have fought for our country and to show that we are thankful for what they have done for us.

Student Trustee Report – Last week at the Board Meeting there wasn't much discussed.

Faculty Senate Liaison Report – There was a discussion about what the reasonable time is for a faculty member to respond to an email. Next week there'll be no faculty Senate meeting next week. More information about the task force that he belongs to; there's only 5 faculty members and he'd like more student leaders to be involved.

Party Whip Report – On Monday they voted on the Fall Awards Banquet (the cabinet recommended to keep it). They didn't vote on the Mission/Core Values. Senator Athena sent around the old Mission/Core values so that we could compare and contrast with the new one that's being offered. They were given a powerful presentation from Miles about the Veterans Day, and the PTK program also had a presentation, discussing about how people could be more involved in athletic events.
